## Dried Fruit Question

Secretary of Agriculture Wilson,  
met the fruit growers and their re-  
presentatives in San Francisco last  
week and the question of how  
much sulphur could be used in  
preparing and preserving California  
dried fruit, was earnestly discussed.

The agriculture department is in-  
trusted with the task of enforcing  
the provisions of the new U. S.  
Pure Food Law, one of which  
provides that only a small percent-  
of sulphur can be used. This  
amount is not sufficient to properly  
cure and preserve the fruit. Hence  
a strict enforcement of the law  
would result in millions of dollars  
loss to the fruit industry of the  
state.

Secretary Wilson stated that he  
had already appointed experts who  
were thoroughly investigating the  
matter and that he would be un-  
able to make a decision on the  
point until he makes the experts'  
report. In the meantime, however,  
he says:

"I make no hesitation in giving  
you the assurance now that if you  
use the best light you have in pre-  
paring these fruits and get as near  
in touch with the law as you can  
they will never get my consent to  
take it into the federal courts and  
prosecute you."—Secretary Wilson  
to fruit growers of the State of  
California.

Those who have stomach trouble  
no matter how slight, should give  
every possible help to the digestive  
organs, so that the food may be di-  
gested with the least effort. This  
may be done by taking something  
that contains natural digestive  
properties—something like Kodol  
For Indigestion and Dyspepsia.  
Kodol is a preparation of vegetable  
acids and contains the very same  
juices found in a healthy stomach.  
It digests what you eat, sold by  
L. S. Simmons.

## Dr. Huntington Sued

Dr. Thos. W. Huntington, the  
noted surgeon of San Francisco,  
has been sued by Walter S. Burris  
a former well known resident of  
this valley, for \$25,000 damages for  
alleged malpractice. Dr. Hunting-  
ton performed an operation on Mr.  
Burris' leg some time ago and the  
results were not satisfactory to Mr.  
Burris.]

## What a New Jersey Editor Says

"We never repent of eating too  
little," was one of the ten rules of  
life of Thomas Jefferson, president  
of the United States, and the rule  
applies to everyone without ex-  
ception during hot weather, because  
it is hard for food, even in small  
quantities, to be digested when the  
blood is at high temperature. At  
this season of the year we should  
eat sparingly and properly. We  
should help the stomach as much  
as possible by the use of a little  
Kodol For Indigestion and Dys-  
pepsia, which will rest the stomach  
by digesting the food itself, sold by  
L. S. Simmons.

## A New County

On Tuesday last, the San Diego  
Board of Supervisors canvassed the  
the returns of the special election  
to organize Imperial county, and  
passed a resolution creating it as  
a county of the 43d class. The vote  
was 1120 for out of a total of 1326—  
considerably more than the 65 per  
cent necessary. For county seat  
of the new county, El Centro receiv-  
ed 563 and Imperial 455 votes.

## Men Past Sixty in Danger

More than half of mankind over  
sixty years of age suffer from kid-  
ney and bladder disorders, usually  
enlargement of prostate glands.  
This is both painful and dangerous.  
And Foley's Kidney Cure should be  
taken at first sign of danger, as it  
corrects irregularities and has cured  
many old men of this disease.  
Mr. Rodney Burnett, Rockport,  
Mo., writes: "I suffered with en-  
larged prostate gland and kidney  
trouble for years and after taking  
two bottles of Foley's Kidney Cure  
I feel better than I have for twenty  
years, although I am now ninety  
years old. L. S. Simmons.

It's a mighty good thing that our  
wives have never thought to go on  
the strike for the eight-hour day.

Orino Laxative Fruit Syrup is  
sold under a positive guarantee to  
cure constipation, sick headache,  
stomach trouble, or any form of in-  
digestion. If it fails, the manu-  
facturers refund your money. What  
more can one do. L. S.  
Simmons.

Pool received the railroad assess-  
ment figures for the current year.

\$22,009.85 per mile, an advance of

North Shore road in Sonoma  
county assessed at \$16,441.84 per  
mile.

The total assessment of the  
three roads in the order named  
above in this county is as follows:  
Southern Pacific.....\$ 671,740  
Northwestern Pacific..... 1,587,935  
North Shore..... 427,438

Total.....\$2,687,163  
These are the only railroads in  
the county assessed by the state  
board. The Petaluma & Santa  
Rosa road is assessed by the county  
assessor.

tributed as follows: Cloverdale,  
\$7,028.95; Healdsburg, \$12,181.58;  
Petaluma, \$16,930.08; Santa Rosa,

date the assessment for the current  
year is for the entire county \$33-  
862,068, a gain of \$1,972,217 over  
that of the previous year.

## Hay Fever and Summer Colds

Victims of hay fever will experi-  
ence great benefit by taking  
Foley's Honey and Tar, as it stops  
difficult breathing immediately and  
heals the inflamed air passages, and  
even if it should fail to cure you  
it will give instant relief." The  
genuine is in a yellow package. L.  
S. Simmons.

## A Big Success

The grand ball given in the new  
Chauvet Hotel hall last Saturday  
evening by F. Farnocchia, was a  
decided success in every way. A  
very enjoyable time was had by  
all present. E. C. Woodworth was  
the efficient floor manager of the  
ball.

## Ten Years in Bed

"For ten years I was confined to  
my bed with disease of my kid-  
neys," writes R. A. Gray, J. P. of  
Oakville, Ind. "It was so severe  
that I could not move part of the  
time. I consulted the very best  
medical skill available, but could  
get no relief until Foley's Kidney  
Cure was recommended to me. It  
has been a Godsend to me." L.  
S. Simmons.

The time of the year is near at  
hand when we find it difficult to see  
anything funny in the "jokes"  
about the iceman.

John Riha, a prominent dealer  
of Vinland, Ia., says: "I have been  
selling DeWitt's Kidney and Blad-  
der Pills for about a year and they  
give better satisfaction than any  
pill I ever sold. There are a dozen  
people here who have used them  
and they give perfect satisfaction  
in every case. I have used them  
myself with fine results." sold by  
L. S. Simmons.

Charity with a brass band attach-  
ment doesn't get high enough for  
the recording angel to either see or  
hear.

M. T. Lynch, Editor of the  
Phillipsburg, N. J., Daily Post,  
writes: "I have used many kinds of  
medicines for coughs and colds in  
my family but never anything so  
good as Foley's Honey and Tar. I  
cannot say too much in praise of it." L.  
S. Simmons.

Too many who are looking for  
work avoid the places where they  
are most likely to find it.

Everybody loves our baby, rosy, sweet and  
warm.  
With warm kissy places on her neck and dim-

Mother gave her CASCASWEET, now she is  
well again. sold by L. S. Simmons.

### Sonoma Will Not Celebrate

The committee appointed by Sonoma Parlor, N. S. G. W., to plan and carry out a monster celebration in Sonoma City, on September 9th, next, have been forced to give up the project on account of the feeble financial support offered.

An effort was made to secure enough funds to assist in making the event a memorable one but other matters dampened the patriotism of many of our business people and sufficient contributions were not forthcoming.

The Sonoma Driving Club have also concluded not to have races on that day, so there'll be nothing doing in old Sonoma on September 9. Many of the Natives and their friends have concluded to take in the big Native Sons doing in San Jose where the regular State celebration will be held on September 7, 8 and 9. Hundreds of people who looked forward to a fine time in the historic city on Admission Day, will be greatly disappointed in not being able to enjoy a celebration here in honor of California's birthday.

### City Board of Equalization

The Board of Trustees of the City of Sonoma, have been in session this week, sitting as a board of equalization.

The matter of equalizing the city assessment roll, is under consideration and it seems, the roll is in need of revision. Sonoma has grown and prospered very much in the past few years and the old stereotype copy of the assessment roll of a quarter of a century ago, certainly should be equalized. Most of the town property is now selling at double the price asked five years ago and is finding buyers more readily.

The State, County and City Boards all over the state, are correcting the assessment rolls and in fairness to all tax payers, Sonoma's roll should be made uniform. This city's assessment for the year will probably be considerably over \$400,000.

### SCHOOL STATISTICS

During the year ending June 30, Sonoma county received from all sources, for school purposes, \$181,786.61. Superintendent De Witt Montgomery's report shows five new districts were organized during the year, and three lapsed, leaving 139 districts at the present time with 159 school houses in the county. There are 40 high school teachers employed in the county, 138 grammar grade, 16 primary grade and two special, a total of 256, of whom 248 attended the annual institute.

The average annual salary paid teachers was as follows: City superintendent, one man, \$2,200; principals of high schools, four men, \$1,510; principals of primary and grammar grades, 23 men, \$960, and women \$695; teachers in high schools 27, men, \$1,113 and women \$888; teachers in grammar grades, 168, men, \$728 and women \$645; primary grades, 38, men, \$550 and women, \$541. General average salary for men, \$1,071 and women, \$606; general average for both \$700.

There graduated from the grammar schools the past year 93 boys and 125 girls, a total of 218, while from the high schools there graduated 18 boys and 47 girls, a total of 65. The average cost per pupil in the grammar schools was \$23.56 for the number enrolled and \$69.38 in high schools.

### Arrested for Dynamiting

Constable Jerry Allen arrested Henry Louie, Fred Sinton and Peppi Cari, in Glen Ellen Saturday for illegal fishing. The parties had set off dynamite in Sonoma creek, thus killing hundreds of fish which they were picking up when caught. They were taken to Santa Rosa to await trial.

### Divorce is Dismissed

The divorce suit filed by Mrs. Rose I. Montgomery against her husband, Grover B. Montgomery, July 20, has been dismissed at the request of the plaintiff. The couple have made up and agreed to let bygones be bygones and make another effort to maintain a home together.

### TENNIS TOURNAMENT

The Petaluma Lawn Tennis Association have arranged to give a tennis tournament in that city on September 9th, 1907. The contest will be for the championship of Sonoma County and all tennis players in the county are cordially invited to attend and take part.

The tournament is not a money making scheme, but is only intended to arouse interest in that healthful game. The conditions are substantially as follows:—(1) The tournament to be played on the courts of the Petaluma Association. (2) Drawing for preliminaries to take place as soon as possible after September 1st. (3) The tournament is open to bona fide residents of Sonoma county only. (4) An entrance fee of \$1 will be charged and must be paid not later than Sept. 1. (5) H. C. Scrutton or John A. Olmstead, Petaluma, Cal. (5) A sterling silver cup will be presented to the winner. (6) Anyone who can play tennis is cordially invited to enter the contest and enjoy the good time.

Further particulars may be earned by addressing John A. Olmstead, Treasurer, Petaluma, Cal.

### Escaped From Eldridge

About dusk Monday evening two silly looking and travel stained young men appeared at the home of Judge C. Dahl on the Petaluma road at Novato and applied for food and drink. Their actions were so peculiar that the household became alarmed and Miss Dahl hurried into town for assistance, while the Judge and Mrs. Dahl held the attention of the visitors who acted in a very erratic manner.

Constable L. A. Devozo was notified of the situation and he was not long in taking the fellows into custody. By dint of much questioning the pair informed their captor that they had escaped from the home for feeble minded at Eldridge and had made their way to Novato on foot by way of Petaluma. Mr. Scott at once telephoned the officials of the home of the "find" and received this reply: "Yes, they're the boys we've been scouring the country for. Bring 'em over!"

Devozo took his charges to the Novato hotel where they spent the night and Tuesday morning hied them over into Sonoma county and placed them where they belonged.—Petaluma Courier.

### PAID THE DAMAGE

Harry Heins was arrested in San Francisco one day last week for over driving a horse hired from the Fashion Stables in El Verano. He came to Sonoma to appear for trial after giving bail in the metropolis. It is stated that after Mr. Heins and friend had used the horse during the day, some unknown parties stole the rig while it was hitched at the Springs, and driving all night, brought it back to the stable at 5 o'clock the next morning. The next day the horse died. Mr. Heins paid for the horse and Mr. Weigand, proprietor of the stables, the costs of the court and constable fees.

### Sonoma Social Club

There was a largely attended meeting of the Sonoma Social Club at the Weber home on 1st street West, last Monday evening.

The election of officers resulted as follows: Pres. Miss Ilagel Gies; Sec'y, R. R. Empanan; Treas., A. C. Luce. It was decided to give a club dance in Weyl's Hall next Saturday evening, Aug. 17, for the members and invited guests. Mrs. Ada Pauli will furnish the music.

### Hammer-Let at the Grove

Murphy, Sandersfield & Company present their play, Hammer-Let, at the Hall of Thespian this week. The company consisted of well known talent. The program was as follows: Mr. Murphy played Henry Hairpin to perfection, Miss Rose Patrick played Mary, Queen of Spots, and will survive. Thomas played the role of the policeman and was always found wanting. Miss Thomas, a member of "The Local Heart of Hope Glee Union," who was especially employed to sing in prologue, had to whistle for her salary. Sad Sam played the part of John James, Henry Irving Wilson, Barrett Baggs but could not sell the pink pills so notified the Company. Miss Boyd and friend, as the ballad dancers were fine, so fine you could not see them. Murphy lost his job for drinking but got a job as swamper. Paul Vannucci, the caretaker of the hall, refused to accommodate us with illuminating power till we gave him time for expenses. Kelly, the Sandwich Man's pious love, caused no end of trouble. The hall was crowded, 7 people and two oranges being in attendance, at the close of the play, the Company sang the chorus of John James Henry Irving Wilson Barrett Baggs.

CHORUS  
I'm John James Henry Wilson Barrett Baggs  
I used to be, I'll tell you plain, the leading man at Drury Lane. Now they say, as I walk about in rags, it's John James Henry Irving Wilson Barrett Baggs.  
ONE OF THE VICTIMS.

WARNING  
If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

### Arrested For Cruelty

Four fellows went out for a ride on Friday last in the evening and entirely forgot that there is a limit to horse endurance as well as human endurance, and were racing the horses after a hard days drive. The rigs belonged to The Fashion Stables in El Verano. Under Sheriff Ryan arrested the quartette for cruelty to animals and Justice Small fined each \$5 for the offense.

It would not have been cruelty to animals if a heavier fine had been imposed upon them and it would be still better to make more frequent arrests on the same charge. Reckless driving in this valley is entirely too frequent and the poor horses are entitled to more protection from unmerciful drivers.

## NATURE'S ESSENCE.

Extracted From Forest Plants.

Nature's laws are perfect if we obey them, but disease follows disobedience. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the black-cherry tree, the root of man-drake, stone root, queen's root, bloodroot and golden seal root, make a scientific, non-alcoholic extract of them with just the right proportions and you have Dr. Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this vegetable extract and alternative of the greatest efficiency.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic. The refreshing influence of this extract is like Nature's influence—the blood is purified and enriched—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated in the system. Doctor E. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a physician of large experience and practice was the first to make up an alternative extract of native medicinal roots, without a particle of alcohol, which purifies the blood and tones up the stomach and the entire system in Nature's own way. The "Golden Medical Discovery" is just the tissue builder and tonic you require when recovering from a hard cold, grip, pneumonia, or from a debilitating fever. No matter how strong the constitution the stomach is apt to get "out of kilter" now and then, and in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body, and so cures liver and kidney troubles. If you take this NATURAL BLOOD PURIFIER AND NERVE TONIC you will assist your system in manufacturing what had been the object of the attention he had been paid. "I would be glad to send you the bottle you ask for, but, on consultation with the manager of the theater, I have been informed that the seats are all fastened down and that he is opposed to having them sent away as souvenirs in any event, so that you will have to be contented with an autograph for a souvenir of your benevolence of yesterday instead."—Harper's Weekly.

### An Ungallant Actor.

A well known American actor, who is old enough not to consider himself a matinee idol by any means, was somewhat surprised and pleased in a St. Louis hotel a short time ago when a pretty girl stepped him in the corridor and presented him with a rose, without saying a word. He was more surprised and less pleased to receive a note the following day reminding him of the incident and asking him to send the giver of the flower two seats at the theater in which he was playing "as a memento of the occasion."

"My dear young lady," the actor replied, waxing sarcastic as he realized what had been the object of the attention he had been paid. "I would be glad to send you the bottle you ask for, but, on consultation with the manager of the theater, I have been informed that the seats are all fastened down and that he is opposed to having them sent away as souvenirs in any event, so that you will have to be contented with an autograph for a souvenir of your benevolence of yesterday instead."—Harper's Weekly.

### Beats Radium For Cost.

If you object to paper money, but wish to cure big troubles in small doses, you might do worse than lay in a stock of best lenses for microscopes.

Weight for weight, gold is not nearly so valuable as glass in the form of powerful lenses, and an ordinary purse filled with such lenses might easily represent a fortune. The record increase in the value of the manufactured article over the raw material is probably the best evidence of the value of the lenses. The cost of a lens of glass which multiplies itself 50,000,000 times. The front lens of a micro objective instrument costing about 41 weighs no more than about .0017 of a gram; hence the value of such lenses to the weight of about two and a quarter pounds would be about \$200,000. The cost of making this weight of glass is 1 1/2 pence to 3 pence, and thus when worked up into the shape of a lens the glass has increased in value about 50,000,000 times.—London Express.

### A Battle of Butterflies.

"A battle of butterflies," said the Japanese viscount firmly. "Impossible!" cried the lady on his right. "Oh," the viscount insisted, "the thing is authentic. It happened on Aug. 20, 1889. Tales and poems with out number have been written on it. On the evening of Aug. 20 two opposing armies of the butterflies fought an aerial battle between Nijima and Kiyasaki Mura. The fight continued till sunset, when the smaller army turned and retreated, the victors pursuing it till all were lost in the rosy sunset haze. The ground beneath the combat was thickly strewn with wounded and dead warriors. The battle drew a thousand people. It occurred about thirty feet up in the air. The spectators were amazed and horror-stricken to see these gentle blue butterflies grappling and struggling furiously and silently in a blue blizzard above their heads."

### The Bookplate.

An ex libris, or bookplate, is a small piece of paper, whereon is printed the owner's name and pasted on the inside cover of a book—in other words, it is a printed slip to denote the ownership of books. A proper ex libris should have, first of all, the name, boldly and plainly printed, and a space left for the number of volumes contained in the library; then, to make it more interesting and personal, some decorative device of the owner's vogue and individual choice as well as some favorite motto, if desired. In Europe those who have the right use family crests or armorial bearings for their ex libris. Every well regulated library should have some mark of ownership, and the ex libris takes the place of the owner's signature.

### Moths and Butterflies.

Some moths look very much like butterflies, but there are two ways in which you can always tell the one from the other. Each has little slender feelers growing from the head, but the butterfly's feelers, or antennae, as they are called, have knobs on the ends. The antennae of the moth sometimes have tiny spines, but they are never knobbed. Then, too, all butterflies always hold their wings erect, while the moth's droop or are nearly flat.

### No Longer Worried.

"I thought," said the visitor, "I'd drop in and tell you what your hair restorer did for a friend of mine. When he started to using your elixir there were only a few hairs on his head, but now it's completely covered."

### "Indeed!" explained the patent medicine man.

"Yes; by six feet of earth,"—Catholic Standard and Times.

### A Martyr.

The friend—if your married life is so unhappy, why don't you get a divorce from your husband? Under the law because he would then marry some other woman and make her unhappy.—Chicago News.

### His Intelligence.

Purchaser—You told me that parrot I bought of you was the most intelligent bird in your collection, while the fact is he doesn't talk at all. Dealer—That's what I meant when I spoke of his intelligence.

### The Secret.

He—Why did you tell me this if it was such a secret? She—But if I didn't tell it to somebody how could anybody know I could keep a secret?—Baltimore American.

### Age does not make us childish, as some say. It finds us true children.—Goethe.

### Physical Culture.

Police Surgeon (to would be cop)—How is it, my man, that your right arm is developed out of all proportion to the rest of you? Italian Applicant—Grinda da org, shina da fruit, roasta da peanut.—Puck.

### The English billion is 1,000 times greater than the American.

### Financial Note.

Jerrold—Could you pay me that 10 shillings you owe me? I owe Johnson some money and want to pay him. Hobart—Well, I'll tell you what. You pay Johnson what you owe him, and then I'll borrow 10 shillings off Johnson and pay you.

### Snakes With Two Heads.

I have lately been assured by more than one of my friends that they have seen in northern India snakes with two heads—I, e., without a tail, but with a second and perfectly formed head in the place where the tail ought to be. They assure me that there are specimens in northern India museums and that these freaks of nature are frequently found by the natives. The rider is added that the natives declare that each head lives and performs active service for six months in the year in turn. The snakes are said to grow to about three feet in length. I myself have killed a small snake with two heads, but these were both at the same end of the reptile, a very different matter, which is, I believe, a well known freak and in the same category with two headed calves.—Pioneer.

### Man and His Dress.

The well dressed man wears clothes that no one ever notices; at business, except in the very warmest weather, usually dark. No one ever notices clean linen, while linen soiled over so slightly is very conspicuous. No one ever notices a hat unless it is of ultra shape, dirty or shabby. No one ever notices shoes unless they are loud or black or shabby. No one ever notices clean finger nails, while those needing attention are always conspicuous. The man should not be lost sight of by the conspicuousness of his clothes, either from being overdressed or shabbily dressed.—Batten's Wedge.

### The One and the Naught.

Oliver Wendell Holmes once sent two poetical letters to the "postoffice" of an Episcopal fair at Pittsfield, Mass. In one of them the first stanza was:

Fair lady, whosever thou art,  
Turn this poor leaf with tender care  
And hush, oh, hush, thy beating heart.  
The one thou lovest will be there.

On turning the "poor leaf" there was found a dollar bill, with some verses beginning:

Fair lady, lift thine eyes and tell  
If this is not a truthful letter.  
This is the one (1) thou lovest well,  
And naught (0) can make thee love it better (0).

### Beethoven's Oddities.

Beethoven used the snuffers for a toothpick. It was one of his peculiarities that he never allowed his servant to enter his study. He insisted that this room should remain exactly as he left it, no matter how deeply the dust lay on the precious musical manuscript.

He seldom looked in the dust when he tied his stock. Half the time he forgot to brush his hair. Every morning he carefully counted out seventeen beans from the coffee canister. These served for his breakfast. When he composed, he would pour cold water over his hands, and often people below him would complain of the water that soaked through his floor.

### Suggestive.

"Miriam," said her mother, "have you ever given young Mr. Stapleford any reason to believe you cared for him enough to marry him?"

"He seems to think so," answered the daughter, "because I told him the other evening that he was sending me too many costly flowers and ought to begin to save his money."—Chicago Tribune.

### They began Early.

Gummy—Women's habit of going to their husbands for money is as old as the human race. Gargyle—That can't be, for the human race had no such thing as money for many ages. Gummy—Nevertheless Eve got a "bone" from Adam.

### Her Chilly Retort.

The late Dr. — of Malden, after pouring forth the story of his undying love in the most touching manner for over an hour to a young woman who he hoped would become his fourth wife, was refused the second time. He started for the door; but, looking around, he said in a most thunderous tone, "By heavens, you are the coldest woman I ever saw!"

The young woman looked up and answered sweetly:

"Oh, no, doctor; you have seen three colder than I!"—Boston Herald.

### PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition.

It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or medicinal drug. 204 doses for \$1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Clewe's, John McNeil, Sole agent for Sonoma County, Ohm's Sulphur Springs, Sonoma.
